RE: Proposed Coal Exploration Program
Kaiser Steel Corporation
Emery County, Utah
CEP/015/004

Dear Mr. Moffitt:

The Division has reviewed Kaiser Steel Corporation's proposed coal exploration plan for Emery County, Utah, which was received by this office July 26, 1982. The plan under consideration adequately satisfied the State's concerns under requirements of Parts 776 and 815 of the regulations promulgated under the 1979 Act, "Regulation of Coal Mining and Reclamation Operations", Title 40-10-1 et seq, Utah Code Annotated 1953.

The Division requires no additional information at the present time. Upon completion of the exploration operations the Division will require notification of completion and a description of the plugging and reclamation activities which have taken place for each site.

Thank you for your cooperation. In reply, please refer to CEP/015/004.

Sincerely,

THOMAS N. TETTING
ENGINEERING GEOLOGIST
